CHAIRMAN'S LETTER

Dear Shareholder,

It is my pleasure to present this year's Chairman's Letter, reflecting on what has been achieved by Accelerate Resources Limited in 2023-2024. This period has been marked by significant exploration advancements, strategic appointments, and key partnerships, all of which have positioned the Company for continued growth in the rapidly evolving critical minerals and renewable energy sectors.

Exploration Progress and Operational Achievements

Our focus on the Karratha Lithium Projects and Woodie Woodie North Manganese Project in Western Australia has yielded promising results. The initial exploration efforts, including geological mapping, sampling, and drilling, have provided us with valuable insights into the potential of these projects.

With these goals in mind, we are also proud to see our team's diligent work come to fruition, as these projects show promising indicators for further exploration and development success.

Strategic Appointments and Leadership

Accelerate has strengthened its leadership team with the addition of Mr. Meter as a key executive and Mr. Mark Thompson as a Non-Executive Director. Both bring extensive industry experience and proven leadership in discovery, development, and the critical mineral space. Their collective knowledge and insights will significantly contribute to our growth strategy and enhance our ability to execute on key projects.

As we move into 2025, we remain focused on advancing our lithium and manganese projects and as well as looking for other strategic M&A opportunities.

Our goal is to capitalize on the rising demand for minerals essential to energy production and storage, and we are confident that our strategic approach will unlock significant value for our shareholders in the years to come.

I would like to extend my sincere appreciation to our management team, employees, and partners for their dedication and hard work over the past year. I also thank our shareholders for their continued support and confidence in our vision. Together, we are positioning Accelerate Resources as a leader in the exploration and development of critical minerals that are vital to a sustainable future.

I look forward to continuing this exciting journey with you, as we build on the solid foundation we have established and work towards an even brighter future.

Yours sincerely,

Richard Hill
Chairman

PRINCIPAL ACTIVITIES

Accelerate Resources Limited (“Accelerate” or “the Company”) is an emerging mineral explorer focused on the discovery and development of critical metals and gold assets. The Company is committed to delivering shareholder value through exploration discoveries, project de-risking, strategic acquisitions and partnerships.

The Company’s current portfolio comprises the Karratha Lithium Projects in the West Pilbara, the Woodie Woodie Manganese Project in the East Pilbara and the Comet Gold Project in the Murchison region of Western Australia. (Figure 1)

Throughout 2023-2024, Accelerate concentrated on advancing its flagship critical metal projects:

- Karratha Lithium Projects
- Woodie Woodie North Manganese Project

Through exploration and resource development, these projects provide significant opportunities for the Company as it continues to explore and evaluate resources that are aligned with the growing global demand for critical metals.

Figure 1: Location of the Accelerate Resources’ critical metal and gold projects.

REVIEW OF OPERATIONS AND RESULTS

1. Karratha Lithium Projects

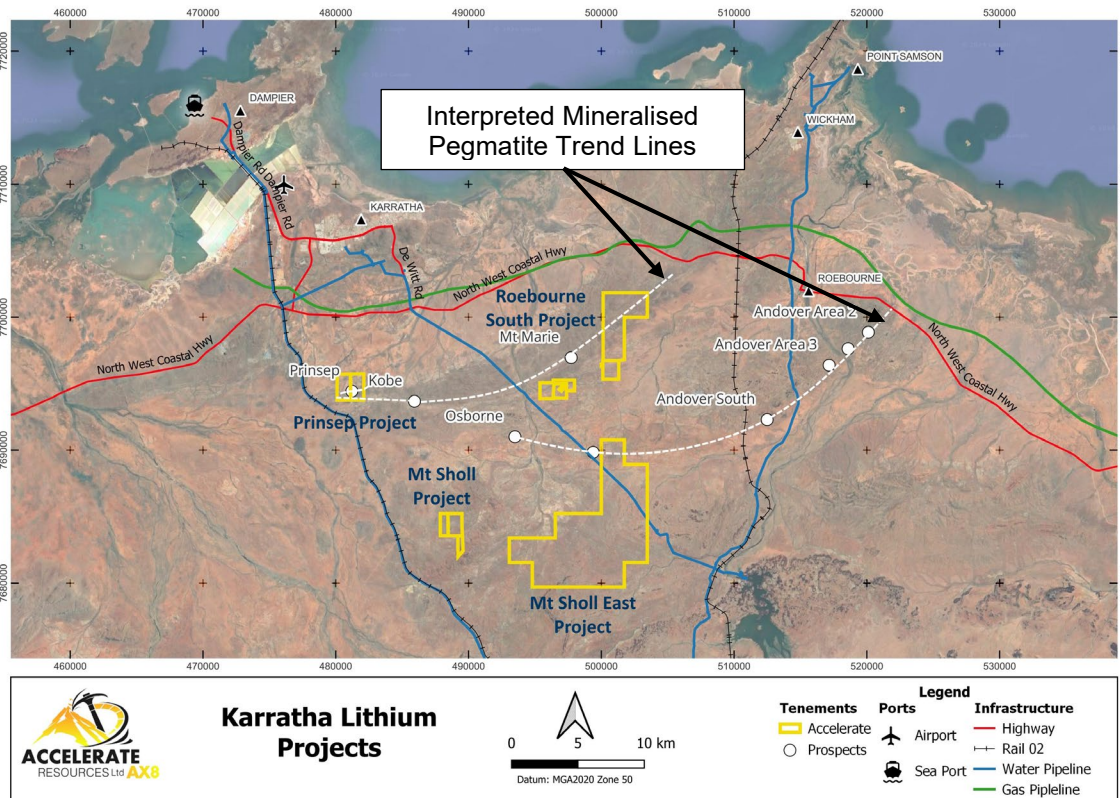

On the 6th of October 2023, the Company announced a key strategic acquisition of four highly prospective lithium projects within the tightly controlled and emerging Roebourne-Karratha lithium belt. These projects are located only 15km south of Karratha and 14km west of Azure Minerals world-class Andover Lithium deposit – jointly acquired by SQM and Hancock Prospecting for \$1.7 billion (AUD)¹.

The project tenure covers approximately 85km², with close access to key infrastructure including sealed roads, water pipelines, ports and power grid. The acquisition also captures over 9km of interpreted mineralised lithium trends (Figure 2). Accelerates’ holdings over the projects are:

- Prinsep Project (100%)
- Mt Sholl Project (100%)
- Mt Sholl East Project (75%)
- Roebourne South Project (75%)

The acquisition provided a strategic foothold in a significant new lithium province, strengthened the Company’s critical metals strategy and reinforced its commitment on the global clean energy transition.

Figure 2: Karratha Lithium Projects in relation to key infrastructure and interpreted lithium mineralisation trends.

¹ ASX: AZS Announcement 02/05/2024

Prinsep Lithium Project

The Prinsep Lithium Project is situated on the confluence of regional-scale geological structures 35km west of Azure Minerals Andover Lithium deposit and is part of the Company’s 100% owned Karratha Lithium Projects, within the highly prospective Karratha – Roebourne hard-rock lithium belt.

The project consists of two sub-parallel outcropping high grade lithium pegmatite systems, each over 1,800m in length with rock sample assays up to 2.06% Li₂O².

Fieldwork commenced immediately following Accelerates’ acquisition of the project in October 2023 with the collection of detailed drone imagery and terrain models followed by systematic mapping and sampling of the pegmatite systems referred to as the northern and southern pegmatite zones. Mapping confirmed the extent and potential scale of the dual pegmatite system with both the northern and southern pegmatite zones each outcropping across the full extent of the tenement area, with lithium mineralisation defined over 1,500m in the northern pegmatite zone up to 1.68% Li₂O³ (Figure 3).

Figure 3: Prinsep Lithium Project rock sample locations and lithium assay results

² ASX: AX8 Announcement 28/11/2023

³ ASX: AX8 Announcement 15/02/2024

Ethnographic and archaeological surveys were completed with the Ngarlma Aboriginal Corporate in the leadup to the maiden Prinsep drill program, enabling Accelerate to confidently conduct its exploration activities with the knowledge that no sites of sites of significance were likely to be disturbed.

A maiden Reverse Circulation (RC) drill program was successfully completed in June 2024 with 38 holes completed for 4,224m. All 38 drill holes intercepting south dipping pegmatites with significant lithium intercepts including⁴:

- 4m @ 1.28% Li₂O from 19 – 26m within drill hole PRC026
- 3m @ 1.18% Li₂O from 74 – 77m within drill hole PRC008
- 3m @ 1.08% Li₂O from 122 – 125m within drill hole PRC033
- 7m @ 0.98% Li₂O from 32 – 39m within drill hole PRC026
- 10m @ 0.70% Li₂O from 89 – 99m within drill hole PRC030
- 11m @ 0.56% Li₂O from 16 – 27m within drill hole PRC028

Surrounding the northern pegmatite zone is a significant 150m wide lithium geochemical halo penetrating the basalt and sedimentary hosts rocks across the whole 1,600m drilled strike. The halo is defined by drill intercepts >0.1% Li₂O in all holes within the northern zone, with significant basalt-hosted intercepts including:

- 63m @ 0.24% Li₂O from 107 – 170m within drill hole PRC035
- 62m @ 0.22% Li₂O from 23 – 85m within drill hole PRC008
- 48m @ 0.31% Li₂O from 132 – 180m within drill hole PRC036
- 46m @ 0.33% Li₂O from 64 – 110m within drill hole PRC030
- 23m @ 0.34% Li₂O from 65 – 88m within drill hole PRC029

Interpretation of the phase 1 Prinsep RC drill program included detailed geochemical, petrographic and spectroscopic analysis. Results identified a highly fractionated portion of the northern pegmatite system as being prospective for higher grade lithium mineralisation in southwest plunging shoots (Figure 4). These zones were defined by an external independent geochemical consultant with significant expertise in lithium pegmatite systems, with Lithium, Caesium and Tantalum assays combined with fractionation indexes to vector prospectivity of the 1.6km – 2.0km long pegmatite system at Prinsep.

High grade caesium within the shoots, being 2m @ 0.24% Cs₂O from 187m in PR035 and 4m @ 0.24% Cs₂O from 200m in PR036, show increased potential for high grade lithium mineralisation at depth⁵.

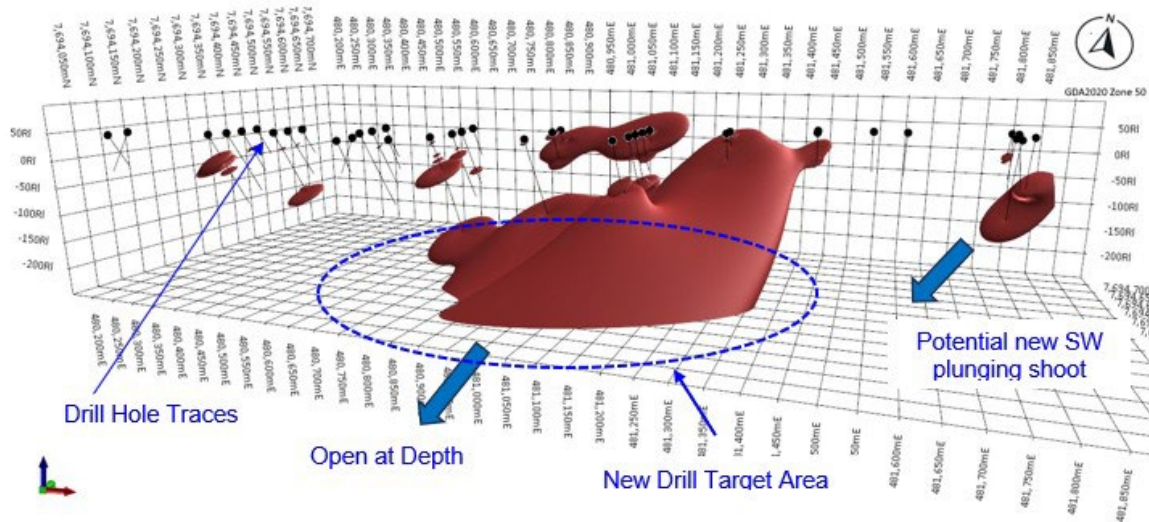

Additionally, Raman spectroscopy identified Holmquistite as the lithium bearing mineral within the basalt host rock. Holmquistite is a lithium bearing amphibole almost exclusively formed in the reaction zone between Li-pegmatites and their host rock and is conspicuous in giant LCT pegmatite systems such as

⁴ ASX: AX8 Announcement 17/07/2024

⁵ ASX: AX8 Announcement 09/09/2024

Greenbushes⁶ and Kings Mountain⁷. Coupled with the with the fractionated nature of the northern pegmatite shoots, this further indicates potential for a larger pegmatite system at depth.

Figure 4: Leapfrog model of initial RC drilling shell of combined Lithium >1000ppm, Caesium >200ppm and Tantalum >30ppm (oblique view looking north-west).

Next Steps

While the current lithium market is in a major downturn, the continued development and expansion of lithium projects in the West Pilbara indicates the importance of strategic assets through the cycle. Global EV and Energy Storage demand continues driving overall battery market growth to over 20% annually.

The first drill results have defined long, wide zones of near surface lithium mineralisation with significant new targets, adjacent to major regional scale structures and near significant future Tier-1 mines like Andover. Next stage exploration will include diamond drilling to target the newly identified central south-west plunging shoot within the northern Pegmatite, as well as to follow the high-grade lithium intercepts in the southern zone between drill holes PRC025 and PRC026. Strategic partners will be sought to advance this program.

2. Woodie Woodie North Manganese Project, WA

The Woodie Woodie North (WWN) Management Project spans a 432km² strategic landholding located 70km north of Australia’s only mainland operating manganese mine (Woodie Woodie, Consolidated Minerals). The project is close to sealed highway, shipping facilities at Port Hedland and power options including a gas pipeline and the proposed Australian Renewable Energy Hub.

Significant advancements have been achieved at the Woodie Woodie North (WWN) Project with the release of a maiden Mineral Resource Estimate (MRE) totaling **1.2 Mt at 19.1% Mn** using a 15% Mn lower cut-off

⁶ Frost MT, Tsambourkis G, Davis J., 1987
⁷ London D., 1986

(Table 1), including a near term exploration target of **5.3 Mt – 10.7 Mt at 10% - 19% Mn**.⁸ This represents a significant step forward for the company and demonstrates manganese resource scale potential.

Table 1 – Summary of Mineral Resource Estimate.

Maiden Inferred Mineral Resource Estimate							
1.2 Mt at 19.1 % Mn (15% Mn cut-off)							
Area	JORC Classification	Tonnes (Mt)	% Mn	% Fe	% SiO ₂	% Al ₂ O ₃	% P
Area 1	Inferred	0.04	17.2	14.6	25.8	2.2	0.1
Area 3	Inferred	0.3	17.5	20.1	27.9	3.0	0.1
Area 4	Inferred	0.2	16.1	21.8	34.0	2.3	0.1
Area 42	Inferred	0.7	20.7	15.6	35.6	3.3	0.1
TOTAL	Inferred	1.2	19.1	17.6	33.1	3.0	0.1

Notes:

- MRE completed by ERM (formerly CSA) in accordance with the JORC Code (2012 Edition).
- Mineral Resources reported at a lower cut-off of 15% Mn.
- Due to the effects of rounding, the total may not represent the sum of all components.
- The Exploration Target has been prepared and reported in accordance with the 2012 edition of the JORC Code. The potential quantity and grade of the Exploration Target is conceptual in nature. There has been insufficient exploration to estimate a Mineral Resource. It is uncertain if further exploration will result in the estimation of a Mineral Resource.)

The MRE was based on the integration of historical drill data and the Company's recent Phase 1 to 4 Reverse Circulation (RC) drilling campaigns completed during 2022 and 2023 at the Barra North Area 1, Barra South Areas 3 and 4 and Area 42 (Figure 5). The drilling data used for the MRE comprised a total of 398 holes for 26,952m.

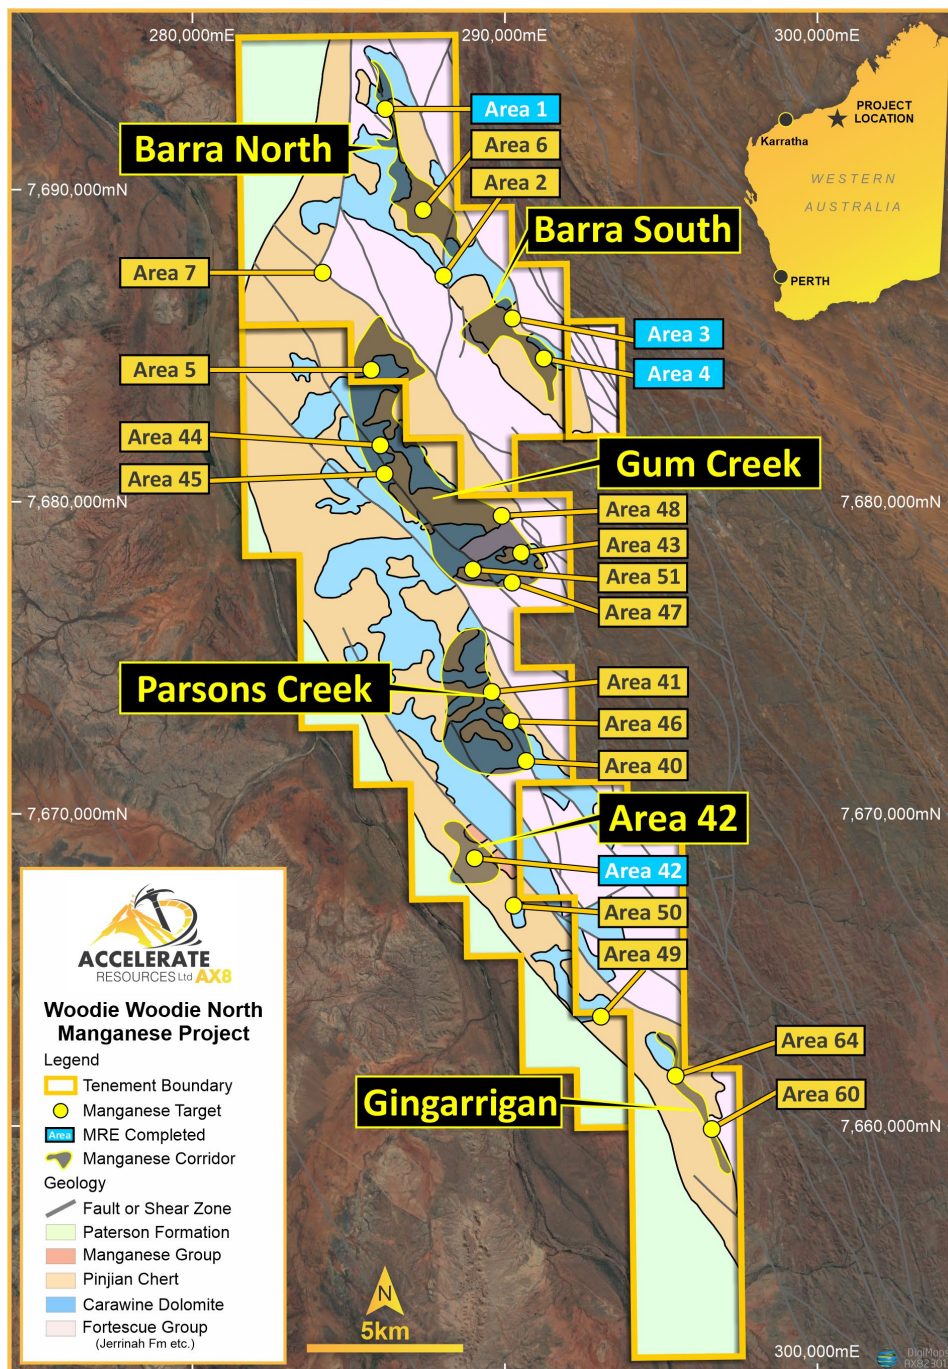

Future Work Program

The Company is evaluating two phases of work program across the WWN project. The first phase consists of infill and extensional drill programs to add resources to the current MRE via exploration targets generated by ERM, while the second phase consists of assessing Direct Shipping Ore (DSO) potential of supergene outcrops across the WWN project as part of an alternate manganese mining concept.

Additional metallurgical test work for primary and supergene mineralisation is also under consideration for possible future scoping to pre-feasibility level technical studies for a beneficiation plant.

⁸ ASX: AX8 Announcement 30/11/2023

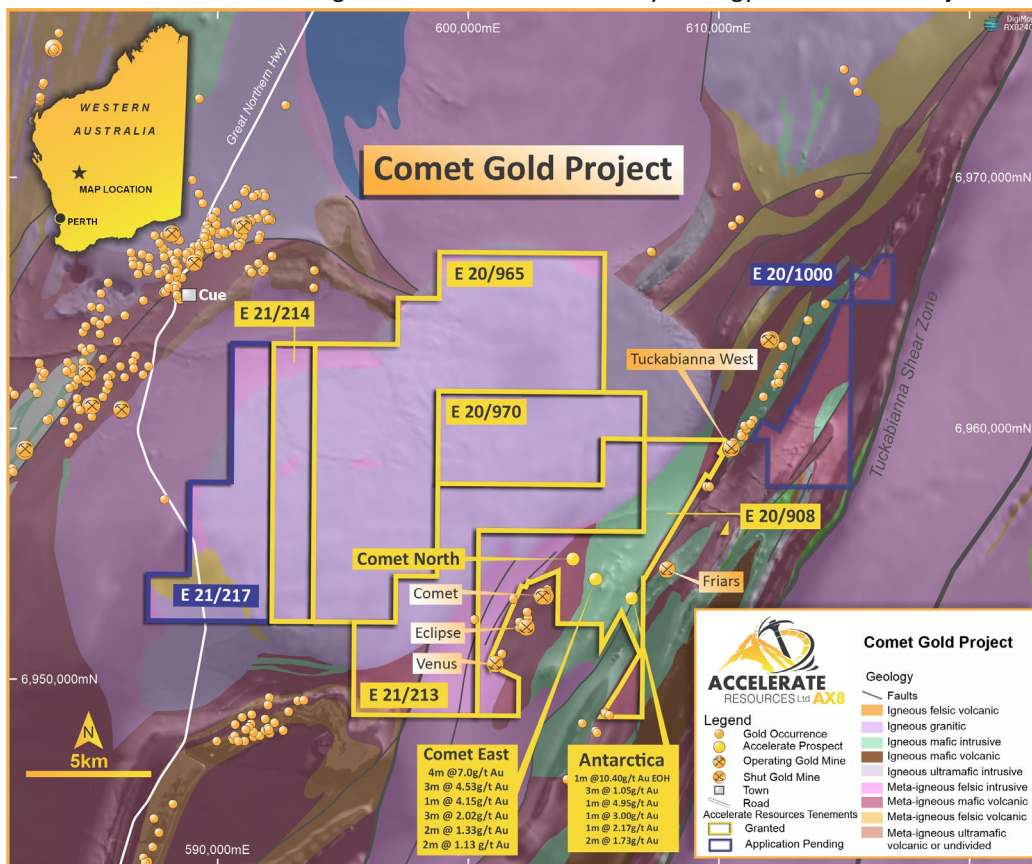

Figure 5: Location and Summary Geology of Woodie Woodie North Manganese Project

3. Comet Project, WA

The Comet Gold Project is located within the central Murchison Goldfield, a highly endowed gold-producing region of Western Australia. The Project is located approximately 650km northeast of Perth, mid-way between the mining centres of Mount Magnet and Meekatharra, close to the well serviced township of Cue in Western Australia (Figure 6).

Figure 6: Location and Summary Geology of the Comet Project

The project tenure covers highly prospective portions of the Mount Magnet to Meekatharra Greenstone Belt, including the immediate strike extensions to the Big Bell gold mine and the Tuckabianna Shear Zone. Compilation and analysis of historical RAB and RC drilling data has identified several gold targets and anomalous gold trends within the Comet Project area.

Accelerate undertook the first phase of RC drilling at the Comet Gold Project, returning highly encouraging assay results from shallow drilling at the Comet East prospect in 2020.

During the period Accelerate has conducted further fieldwork with geochemical surveys and remote sensing surveys to define new targets. Considering the Company’s higher priority Pilbara based projects exploration partners or divestment is being sought to advance the Comet Project.

CORPORATE

1. Appointment of New Chief Executive Officer

The Company announced the appointment of Mr. Meter, a highly credentialed geologist and mining executive, as the Chief Executive Officer of the Company, effective 1 January 2024. Mr. Meter brings over 18

years of extensive hands-on experience in exploration, project development, and corporate leadership to Accelerate. His strategic oversight led to multiple district-scale discoveries and developments, including:

- De Grey Mining's Hemi Deposit – a significant 9.5 Moz gold discovery.
- Dacian Gold's Jupiter Deposit – a major 1.2 Moz gold deposit.

His expertise and track record in resource development will strengthen Accelerate's ongoing exploration and development efforts at both the Karratha Lithium Projects and the Woodie Woodie North Manganese Project.

For further details, please refer to the ASX announcement dated 21 November 2023.

2. Appointment of Mr. Mark Thompson as New Non-Executive Director

The Company also announced the appointment of Mr Mark Thompson join the Board as a Non-executive Director, effective 1st May 2024.

Mr Thompson has over 30 years' experience in the Mineral Industry and is the founder and Managing Director of ASX-listed Talga Group Ltd (ASX: TLG) where he is highly regarded for establishing world-class innovative battery material processing and development. He has successfully overseen the transformation of TLG from a WA local gold explorer with a market capitalisation of ~\$8M to a ~\$300M battery and advanced materials company.

Mr. Thompson's wealth of knowledge and strategic insights will play a critical role in Accelerate's growth trajectory, particularly in aligning with the Company's focus on critical minerals.

For further details, please refer to the ASX announcement dated 28 April 2024.

3. Capital Raising

During the period, the Company completed a capital raising of A\$3.6 million (before costs) and issued 180,000,000 fully paid ordinary shares at an issue price of A\$0.02 per share (Placement).

The capital raising was well-supported by shareholders to advance exploration activities within the Karratha Lithium Projects, as well as Woodie Woodie North Manganese Project and general working capital.

For further details, please refer to the ASX announcement dated 6 October 2023.

4. Vytas Resources, WA – Accelerate Resources is a significant (19%) holder

Post June 30 2024, the Company provided a market update regarding Vytas Resources, where Accelerate Resources holds a significant 19% stake.

Vytas is a developer and emerging producer of silicon-based technology materials for use in the renewable energy sector including solar panels and Li-ion battery anodes. These materials include ultra-high purity

quartz, silane and silicon. In addition to its proprietary material technology, Vytas holds the Moora and White Peaks silica projects, and is an emerging producer of green hydrogen technologies.

AX8 acquired 27 million shares, representing approximately 19% of Vytas, in 2021 through the sale of AX8's interest in the Tambellup Kaolin-Alumina-Silica Project and \$250,000 cash investment to Vytas (ASX:AX8 2 September 2021).

Vytas has successfully secured over \$9M in financial backing during 2023-24 from sophisticated institutional and family offices with extensive expertise in the renewable energy and silica/silicon sectors. The most recent funding included \$5M at \$0.20 per share.

For further details, please refer to the ASX announcement dated 24 September 2024. Please see ASX announcement date 6 October 2023 for further details.

DIVIDENDS

Forward Looking Statements

Statements contained in this release, particularly those regarding possible or assumed future performance, costs, dividends, production levels or rates, prices, resources, reserves or potential growth of Accelerate Resources Limited, are, or may be, forward looking statements. Such statements relate to future events and

expectations and, as such, involve known and unknown risks and uncertainties. Actual results and developments may differ materially from those expressed or implied by these forward-looking statements depending on various factors.

Competent Persons Statements

Mineral Resource Estimate

The information in this report that relates to the Woodie Woodie North Mineral Resources is based on information compiled by Ms Felicity Hughes. Ms Hughes is an independent consultant at ERM Ltd. who was engaged by Accelerate Resources Ltd. and is a Member of the Australian Institute of Geoscientists (AIG) and the Australasian Institute of Mining and Metallurgy (AusIMM). Ms Hughes has sufficient experience relevant to the style of mineralisation and type of deposit under consideration and to the activity which they are undertaking to qualify as a Competent Person as defined in the 2012 edition of the Australasian Code for the Reporting of Exploration Results, Mineral Resources and Ore Reserves (JORC Code). Ms Hughes consents to the disclosure of the information in this report in the form and context in which it appears.

The Company confirms in the subsequent public report that it is not aware of any new information or data that materially affects the information included in the relevant market announcement and in the case of estimated mineral resources, that all material assumptions and technical parameters underpinning the estimates in the relevant market announcement continue to apply and have not materially changed.

Exploration

Information in this release related to Exploration Results is based on information compiled by Mr Kevin Joyce. He is a qualified geologist and a Member of the Australian Institute of Geoscientists (AIG). Mr Joyce has sufficient experience, which is relevant to the style of mineralisation and type of deposit under consideration and to the activity being undertaken to qualify as a Competent Person as defined in the 2012 Edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources, and Ore Reserves'. Mr Joyce is a consultant to Accelerate Resources, he consents to the inclusion in this release of the matters based on his information in the form and context in which it appears.

DIRECTOR'S REPORT

The Directors of Accelerate Resources Limited (the 'Company') and its controlled entities (the 'Group') present their Report for the financial year ended 30 June 2024.

DIRECTORS

The following were Directors of the Company at any time during the reporting period and up to the date of this report, unless otherwise indicated, were Directors for the entire period.

Director	Title	Appointment Date	Resignation Date
Mr Richard Hill	Non-Executive Director	3 July 2020	-
Ms Yaxi Zhan	Executive Director**	7 March 2017	-
Mr Grant Mooney	Non-Executive Director	1 June 2017	-
Mr Mark Thompson	Non-Executive Director	1 May 2024	
Dr Stephen Bodon*	Executive Director - Technical	1 February 2022	30 April 2024

* Appointed Non-Executive Director 1 February 2022, appointed Executive Director – Technical 1 August 2023 and resigned as a Director on 30 April 2024

** Appointed as Managing Director on 7 March 2017. Transitioned to Executive Director on 1 January 2024.

COMPANY SECRETARY

Ms Yaxi Zhan

PRINCIPAL ACTIVITIES

The Group is an Australian mineral exploration company, focusing on Lithium, Manganese, and other minerals exploration.

RESULTS

The loss of the Group for the financial year ended 30 June 2024 was \$2,628,430 (2023: \$2,040,114).

SIGNIFICANT CHANGES IN STATE OF AFFAIRS

There are no significant changes in the state of affairs of the Group.

EVENTS SUBSEQUENT TO BALANCE DATE

On 1 July 2024, the Company issued 750,000 unlisted options exercisable at \$0.075 each, expiring on 30 June 2027 to an employee of the Company.

On 14 August 2024, the Company issued 1,000,000 ordinary shares on conversion of 1,000,000 performance rights.

On 23 August 2024, the Company advised that it had transferred its share registry responsibility from Automic Pty Ltd to Xcend Pty Ltd.

There are no other matters or circumstances that have arisen since 30 June 2024 to the date of this report that have significantly affected, or may significantly affect the Group's operations, the results of those operations, or the Group's state of affairs in future financial years.

LIKELY DEVELOPMENTS

Information on likely developments in the operations of the Group and the expected results of operations have not been included in this report because the Directors believe it would be likely to result in unreasonable prejudice to the Group.

DIVIDEND

No dividends have been paid or declared during the financial year ended 30 June 2024, nor have the Directors recommended that any dividends be paid.

ENVIRONMENTAL REGULATION

The Directors believe that the Group has, in all material respects, complied with all particular and significant environmental regulations relevant to its operations.

PARTICULARS OF DIRECTORS AND COMPANY SECRETARY

DIRECTORS' MEETINGS

The Directors attendances at Board meetings held during the year were:

	Board Meetings	
	Number eligible to attend	Number attended
Richard Hill	5	5
Yaxi Zhan	5	5
Stephen Bodon ¹	4	4
Grant Mooney	5	5
Mark Thompson ²	1	1

¹ Mr Bodon resigned on 30 April 2024 and attended 4 of the 4 meetings he was eligible to attend.

¹ Mr Thompson was appointed on 1 May 2024 and attended 1 of the 1 meetings he was eligible to attend.

The Company does not have any remuneration, nomination or audit committees, these functions are performed by the Board.

The Board also approved fourteen (14) circular resolutions during the year ended 30 June 2024 which were signed by all Directors of the Company.

REMUNERATION REPORT (AUDITED)

This report details the nature and amount of remuneration for each key management personnel of the Group, and for the executives receiving the highest remuneration.

REMUNERATION POLICY

The remuneration policy of Accelerate Resources Limited has been designed to align key management personnel objectives with shareholder and business objectives by providing a fixed remuneration component that provides cost effective services to the Group at an early stage of its development. The Board of Accelerate Resources Limited believes the remuneration policy to be appropriate and effective in its ability to attract and retain the best key management personnel to run and manage the Group, as well as create goal congruence between directors, executives and shareholders.

The Board's policy for determining the nature and amount of remuneration for key management personnel of the Group is as follows:

- The remuneration policy, setting the terms and conditions for the key management personnel, was developed and approved by the Board.
- All key management personnel receive a base salary or fee appropriate to the skills and responsibility of the role.
- The Board reviews key management personnel packages annually by reference to the Group's performance, executive performance and comparable information from industry sectors.

The performance of key management personnel is measured against criteria agreed annually with each executive and is based predominantly on the forecast development of the Group's projects. Any bonuses or incentives must be linked to predetermined performance criteria. The Board may, however, exercise its discretion in relation to approving incentives, bonuses and options. Any changes must be justified by reference to measurable performance criteria. The policy is designed to attract the highest calibre of executives and reward them for performance that results in long-term growth in shareholder wealth.

Key management personnel are also entitled to participate in the employee share and option arrangements.

All remuneration paid to key management personnel is valued at the cost to the Group and expensed. Shares given to key management personnel are valued as the difference between the market price of those shares and the amount paid by key management personnel. Options are valued using the Black-Scholes methodology.

The Board policy is to remunerate Non-Executive Directors at market rates for time, commitment and responsibilities. The Board determines payments to the Non-Executive Directors and reviews their remuneration annually, based on market practice, duties and accountability. Independent external advice is sought when required. The maximum aggregate amount of fees that can be paid to Non-Executive Directors is subject to approval by shareholders at the Annual General Meeting. Fees for Non-Executive Directors are not linked to the performance of the Group. However, to align directors' interests with shareholder interests, the Directors are encouraged to hold shares in the Company and are able to participate in the employee option plan.

PERFORMANCE-BASED REMUNERATION

It is the Group's intention when appropriate to include performance-based remuneration as a component of management remuneration, and this was not deemed necessary in the year under review.

COMPANY PERFORMANCE, SHAREHOLDER WEALTH AND DIRECTOR AND EXECUTIVE REMUNERATION

The following table shows gross income, profits (losses) and dividends for the last 5 years as a listed entity, as well as the share price at the end of the respective financial years. As highlighted above, the Group currently does offer any variable remuneration incentive plans or bonus schemes to Directors and, as such, there are no performance related links to the existing remuneration policies.

	2024	2023	2022	2021	2020
	\$	\$	\$	\$	\$
Revenue	-	-	1,500	125,535	66,827
Loss after income tax	(2,628,430)	(2,308,322)	(1,221,530)	(3,374,055)	(1,505,847)
EBITDA	(2,583,215)	(2,297,535)	(1,219,327)	(3,368,028)	(1,487,631)
EBIT	(2,612,059)	(2,308,322)	(1,221,530)	(3,374,055)	(1,514,134)

Basic loss per share (cents per share)	(0.36)	(0.59)	(0.66)	(2.37)	(2.66)
Dividends paid	-	-	-	-	-

KEY MANAGEMENT PERSONNEL REMUNERATION POLICY

The Board's policy for determining the nature and amount of remuneration key management for the Group is as follows: The remuneration structure for key management personnel is based on a number of factors, including length of service, particular experience and skills of the individual concerned, and overall performance of the Group. The contracts for service between the Company and key management personnel are on a continuing basis. Upon retirement key management personnel are paid employee benefit entitlements accrued to date of retirement.

SERVICE AGREEMENTS

The following Directors had contracts in place with the Company during the financial year as detailed below:

Richard Hill, Non-Executive Director (Appointed Non-Executive Director 3 July 2020, appointed Non-Executive Chairman 20 November 2020)

¹ Appointed Managing Director on 7 March 2017 and took on additional role as the Company Secretary on 2 March 2023. Transitioned to Executive Director on 1 January 2024.

² Appointed Non-Executive Director on 1 February 2022, appointed Executive Director – Technical on 3 July 2023. Resigned from the Board on 30 April 2024.

³ Appointed Non-Executive Director on 1 May 2024.

⁴ Appointed Non-Executive Director on 1 May 2024.

The proportion of remuneration linked to performance and the fixed proportion are as follows:

	Fixed		At Risk - STI		At Risk - LTI	
	2024	2023	2024	2023	2024	2023
Richard Hill	36.3%	100%	63.7%	-	-	-
Yaxi Zhan	45.9%	100%	54.1%	-	-	-
Stephen Bodon	75.1%	100%	24.9%	-	-	-
Grant Mooney	61.2%	100%	38.8%	-	-	-
Mark Thompson	15.8%	-	84.2%	-	-	-
Luke Meter	79.8%	-	20.2%	-	-	-

Cash bonuses granted as compensation for the current financial year

A cash bonus of \$22,500 was granted to Ms Yaxi Zhan during the year ended 2024 (2023: nil).

Other transactions with related parties

	2024 \$	2023 \$
Directors		
Director's fees paid to Braeside Minerals Pty Ltd, a company in which Richard Hill is a director	60,000	60,000
Consulting fees paid to Braeside Minerals Pty Ltd, a company in which Richard Hill is a director	82,875	91,563
Consulting fees paid to Mooney & Partners Pty Ltd, a company in which Grant Mooney is a director	7,500	6,000

Loans from key management personnel

As at 30 June 2024, there were no outstanding amounts due to key management personnel (2023: nil).

Use of remuneration consultants

During the financial year ended 30 June 2024, the Group did not engage the services of an independent remuneration consultant to review its remuneration for Directors, key management personnel and other senior executives.

Voting and comments made at the company's Annual General Meeting ('AGM')

At the 2023 Annual General Meeting, 100% of the votes received supported the adoption of the remuneration report for the year ended 30 June 2023. The Company did not receive any specific feedback at the AGM regarding its remuneration practices.

SHARE-BASED PAYMENTS

This section only refers to those shares and options issued as part of remuneration. As a result, they may not indicate all shares and options held by a Director or other Key Management Personnel.

Shares

During the year ended 30 June 2024, 1,500,000 fully paid ordinary shares were issued to Mr Stephen Bodon as a sign-on bonus for assuming the role of Executive Director - Technical (2023: nil). The share-based payment expense recognised in relation to ordinary shares granted was \$61,500 (2023: nil).

Options

During the year ended 30 June 2024, the Company issued 6,500,000 unlisted options exercisable at \$0.05 each, expiring 30 November 2026 to Directors of the Company (2023: nil).

During the year ended 30 June 2024, the Company issued 2,000,000 unlisted options exercisable at \$0.075 each, expiring 30 April 2027 to Director, Mr Mark Thompson (2023: nil).

The Black-Scholes option pricing model was used to value the options and the following table lists the inputs to the model used for the valuation of the options:

Grant Date	Expiry Date	Exercise Price	Share Price at Grant Date	Expected Volatility	Risk-free Interest Rate	Fair Value per Option
28/11/2023	30/11/2026	\$0.05	\$0.058	91.0%	4.081%	\$0.0364
2/5/2024	30/04/2027	\$0.075	\$0.048	85.0%	4.055%	\$0.0222

The share-based payment expense recognised in relation to options over ordinary shares granted, and the value of options exercised and lapsed for directors as part of compensation during the year ended 30 June 2024 are set out below:

	Share-based payment expense of options granted during the year \$	Value of options exercised during the year \$	Value of options lapsed during the year \$	Remuneration consisting of options/performance rights for the year 2024 %
Richard Hill	72,820	-	-	18.5%
Yaxi Zhan	72,820	-	-	12.4%
Stephen Bodon	54,615	-	-	19.5%
Grant Mooney	36,410	-	-	38.8%
Mark Thompson	44,459	-	-	84.2%
Luke Meter	33,791	-	-	20.2%

No options held by Directors of the Company were exercised during the year ended 30 June 2024 (2023: nil).

Performance Rights

On 4 and 27 December 2023, the Company issued 27,500,000 and 6,000,000 Incentive Performance Rights ("Rights"), 22,500,000 of which were issued to Directors (2023: nil). The Rights were issued to provide a performance-based incentive component to the remuneration package for directors and key personnel to align their interests with those of shareholders. The Performance Rights expire on 29 November 2025.

Terms and conditions of the Rights issued are shown in the table below:

Class	Quantum	Recipient	Vesting Condition
A	2,000,000	Richard Hill	The volume weighted average price (VWAP) of the Company's Shares exceeding \$0.05 per Share for at least 5 consecutive trading days on which the Company's Shares have actually traded.

Class	Quantum	Recipient	Vesting Condition
B	2,000,000	Richard Hill	The VWAP of the Company's Shares exceeding \$0.075 per Share for at least 5 consecutive trading days on which the Company's Shares have actually traded.
C	3,000,000	Richard Hill	The VWAP of the Company's Shares exceeding \$0.1 per Share for at least 5 consecutive trading days on which the Company's Shares have actually traded.
D	2,000,000	Richard Hill	The Company announcing: (a) the entry into a binding acquisition agreement relating to the acquisition of a material project; or (b) the entry into a binding joint venture agreement in relation to a lithium project.
E	2,000,000	Yaxi Zhan	The occurrence of both of the following: (a) the Company announcing an Inferred Mineral Resource (JORC) on the Woodie Woodie North Manganese Project; and (b) the VWAP of the Company's shares exceeding \$0.05 per Share for at least 5 consecutive trading days on which the Company's Shares have actually traded.
F	3,000,000	Yaxi Zhan	The Company executing a binding offtake agreement and/or receiving a cornerstone investment.
G	3,000,000	Yaxi Zhan	The Company receiving a cornerstone investment from one or more investor and/or alliance with an industry partner.
H	2,000,000	Yaxi Zhan	The Company's VWAP exceeding \$0.10 per Share for at least 10 consecutive trading days on which the Company's shares have actually traded.
I	2,000,000	Yaxi Zhan	The Company completing a spin-off of one of the Company's non-core assets via an initial public offering or backdoor listing.
J	1,500,000	Stephen Bodon	The Company announcing an Inferred Mineral Resource (JORC) of greater than 5Mt @ >15%Mn
K	1,000,000	Luke Meter	The VWAP of the Company's Shares exceeding \$0.075 per Share for at least 5 consecutive trading days on which the Company's Shares have actually traded.
L	1,000,000	Luke Meter	The completion of the Karratha Lithium Project drilling campaign on schedule and on budget.
M	1,000,000	Luke Meter	The Company reporting multiple drill intercepts of >20 metres true thickness of >1.0% Li ₂ O from a single prospect.
N	2,000,000	Luke Meter	The Company announcing a maiden JORC compliant Li ₂ O resource of >10Mt @ > 1.0% Li ₂ O

Class	Quantum	Recipient	Vesting Condition
O	1,000,000	Luke Meter	The VWAP of the Company's Shares exceeding \$0.1 per Share for at least 5 consecutive trading days on which the Company's Shares have actually traded.

The Rights were valued at \$0.0255, \$0.016, \$0.0204, \$0.058 and \$0.0165 per right, using the Monte Carlo valuation method, which reflects the fair value in line with AASB 2 Share-Based Payment. The share-based payment expense recognised for Performance Rights granted was \$470,176 (2023: nil).

1,500,000 Rights lapsed during the year ended 30 June 2024, due to the conditions not being met (2023: nil). 6,000,000 Rights were exercised during the year ended 30 June 2024 (2023: nil).

DIRECTORS' AND OFFICERS' INTERESTS

End of Remuneration Report

SHARES UNDER OPTION

Unissued ordinary shares of the Company at the date of this report are as follows:

Grant Date	Expiry Date	Exercise Price	Number under option
23/11/2020	27/11/2024	\$0.0957	9,000,000
16/11/2021	16/11/2024	\$0.0593	4,500,000
01/02/2022	01/02/2025	\$0.059	1,000,000
22/04/2022	22/10/2024	\$0.10	10,000,000
28/12/2022	28/12/2024	\$0.05	58,571,376
27/01/2023	27/01/2025	\$0.05	2,250,000
27/01/2023	01/12/2024	\$0.05	1,000,000
02/05/2024	30/04/2027	\$0.075	2,000,000
04/12/2023	04/12/2025	\$0.04	5,000,000
30/11/2023	30/11/2026	\$0.05	6,500,000
01/07/2024	30/06/2027	\$0.075	750,000

At the date of this report, there were 26,000,000 performance rights under issue.

No person entitled to exercise the options had or has any right by virtue of the option to participate in any share issue of the company or of any other body corporate.

PROCEEDINGS ON BEHALF OF THE COMPANY

No person has applied to the Court under section 237 of the *Corporations Act 2001* for leave to bring proceedings on behalf of the Group or the Group, or to intervene in any proceedings to which the Group is a party, for the purpose of taking responsibility on behalf of the Group for all or part of those proceedings.

No proceedings have been brought or intervened in on behalf of the Group with leave of the Court under section 237 of the *Corporations Act 2001*.

DIRECTORS' INDEMNITIES

The Group has indemnified the directors and executives of the Group for costs incurred, in their capacity as a director or executive, for which they may be held personally liable, except where there is a lack of good faith. During the financial year, the Group paid a premium in respect of a contract to insure the directors and executives of the Group against a liability to the extent permitted by the *Corporations Act 2001*. The contract of insurance prohibits disclosure of the nature of the liability and the amount of the premium.

AUDITOR'S INDEMNITIES

The Group has not, during or since the end of the financial year, indemnified or agreed to indemnify the auditor of the Group or any related entity against a liability incurred by the auditor. During the financial year, the Group has not paid a premium in respect of a contract to insure the auditor of the Group or any related entity.

CORPORATE GOVERNANCE

The Group's Appendix 4G is released to ASX on the same day the Annual Report is released. Accelerate Resources Limited's Corporate Governance Statement, and the Company's Policies, Charters and Procedures, can be all found on the Company's website.

NON-AUDIT SERVICES

There were no non-audit services provided during the current and previous financial year by the auditor. The Board has established certain procedures to ensure that the provision of non-audit services are compatible with, and do not compromise the external auditor's independence requirements of the *Corporations Act 2001* for the following reasons:

- All non-audit services have been reviewed and approved to ensure that they do not impact the integrity and objectivity of the auditor; and
- None of the services undermine the general principles relating to auditor independence as set out in APES 110 Code of Ethics for Professional Accountants issued by the Accounting Professional and Ethical Standards Board, including reviewing or auditing the auditor's own work, acting in a management or decision-making capacity for the Group, acting as advocate for the Group or jointly sharing economic risks and rewards.

OFFICERS OF THE COMPANY WHO ARE FORMER PARTNERS OF AUDITORS

There are no officers of the company who are former partners of Hall Chadwick WA Audit Pty Ltd.

AUDITOR INDEPENDENCE

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out immediately after this directors' report.

AUDITOR

Hall Chadwick WA Audit Pty Ltd were appointed auditors in accordance with section 327 of the *Corporations Act 2001*, to perform the year-end audit, replacing RSM Australia Partners.

This report is made in accordance with a resolution of directors, pursuant to section 298(2)(a) of the *Corporations Act 2001*.

On behalf of the directors

Yaxi Zhan

Executive Director

30 September 2024

To the Board of Directors,

AUDITOR'S INDEPENDENCE DECLARATION UNDER SECTION 307C OF THE CORPORATIONS ACT 2001

As lead audit director for the audit of the financial statements of Accelerate Resources Limited for the financial year ended 30 June 2024, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- any applicable code of professional conduct in relation to the audit.

Yours Faithfully

Hall Chadwick
HALL CHADWICK WA AUDIT PTY LTD

CHRIS NICOLOFF CA
Director

Dated at Perth, Western Australia this 30th day of September 2024

CONSOLIDATED STATEMENT OF PROFIT OR LOSS AND OTHER COMPREHENSIVE INCOME

Cash and cash equivalents at the end of the financial year	3	1,952,261	2,037,164

The above Consolidated Statement of Cash Flows should be read in conjunction with the accompanying notes.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements and notes represent those of Accelerate Resources Limited (the 'Company') and its controlled entities ('Group'). The financial report was authorised for issue by the Board on 30 September 2024. The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Basis of Preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') and the *Corporations Act 2001*, as appropriate for for-profit oriented entities. These financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board ('IASB').

In accordance with the *Corporations Act 2001*, these financial statements present the results of the Group. Supplementary information about the Company is disclosed in Note 21: Parent Entity Disclosures.

Except for cash flow information, the financial report has been prepared on an accruals basis and is based on historical costs, modified where applicable, by the measurement at fair value of selected financial assets and financial liabilities. Cost is based on the fair values of the consideration given in exchange for assets.

The financial statements have been presented in Australian dollars (AUD), which is the Group's functional and presentation currency.

Going Concern

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business.

As disclosed in the financial statements, the Group incurred a loss of \$2,628,430 (30 June 2023: \$2,040,114) and had net cash outflows from operating and investing activities of \$1,667,201 (30 June 2023: \$1,116,974) and \$1,785,516 (30 June 2023: \$1,951,811) respectively for the year ended 30 June 2024. As at that date, the Group had net current assets of \$1,183,649 (30 June 2023: \$1,769,376). The ability of the Group to continue as a going concern is principally dependent upon the ability of the Group to secure funds by raising additional capital from equity markets and managing cash flows in line with available funds.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Management have prepared a cash flow forecast, which indicates that the Group will have sufficient cash flows to meet its commitments and working capital requirements for the 12 month period from the date of this report. The ability of the Group to continue as a going concern is dependent on the success of the fund raising and the Group generating cashflows from operating activities and managing costs in line with available funds.

Based on the cash flow forecasts and other factors referred to above, the Directors are satisfied that the going concern basis of preparation is appropriate. In particular, given the Group's history of raising capital to date, the Directors are confident of the Group's ability to raise additional funds as and when they are required.

Should the Group not achieve the matters set out above, there is material uncertainty as to whether the Group will continue as a going concern and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.

The full year financial report does not contain any adjustments relating to the recoverability and classification of recorded assets or to the amounts or classification of recorded assets or liabilities that might be necessary should the Group not be able to continue as a going concern.

The Directors believe that it is reasonably foreseeable that the Group will continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report after consideration of the following factors:

- The Group has the ability to curtail administrative, discretionary exploration and overhead cash outflows as and when required.

New or amended Accounting Standards and Interpretations adopted

During the year ended 30 June 2024, the Directors have reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to the Group and effective for the year-end reporting period beginning on or after 1 July 2023. Any new or amended standards and interpretations that are not yet mandatory have not been early adopted.

New Accounting Standards and Interpretations not yet mandatory or early adopted

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the Group for the annual reporting period ended 30 June 2024. None of the new or amended Accounting Standards and Interpretations, most relevant to the Group, are expected to have a material impact on the Group's financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

a) Cash and Cash Equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. For the consolidated statement of cash flows presentation purposes, cash and cash equivalents also includes bank overdrafts, which are shown within borrowings in current liabilities on the statement of financial position.

b) Other Assets

Other receivables are recognised at amortised cost, less any provision for impairment.

c) Exploration and Evaluation Assets

Exploration and evaluation expenditure incurred is accumulated in respect of each identifiable area of interest. These costs are only carried forward to the extent that they are expected to be recouped through the successful development of the area or where activities in the area have not yet reached a stage that permits reasonable assessment of the existence of economically recoverable reserves.

Accumulated costs in relation to an abandoned area are written off in full against profit in the period in which the decision to abandon the area is made. When production commences, the accumulated costs for the relevant area of interest are amortised over the life of the area according to the rate of depletion of the economically recoverable reserves.

A regular review is undertaken of each area of interest to determine the appropriateness of continuing to carry forward costs in relation to that area of interest.

Costs of site restoration are provided over the life of the facility from when exploration commences and are included in the costs of that stage. Site restoration costs include the dismantling and removal of mining plant, equipment and building structures, waste removal, and rehabilitation of the site in accordance with clauses of the mining permits. Such costs have been determined using estimates of future costs, current legal requirements and technology on an undiscounted basis.

Any changes in the estimates for the costs are accounted on a prospective basis. In determining the costs of site restoration, there is uncertainty regarding the nature and extent of the restoration due to community expectations and future legislation. Accordingly, the costs have been determined on the basis that the restoration will be completed within one period of abandoning the site.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

d) Plant and Equipment

Recognition and measurement

Items of plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the asset.

The gain or loss on disposal of an item of plant and equipment is determined by comparing the proceeds from disposal with the carrying amount of plant and equipment and is recognised net within other income / other expenses in profit or loss.

Depreciation

Depreciation is based on the cost of an asset less its residual value. Depreciation is recognised in profit or loss on a diminishing value basis over the estimated useful lives of each part of an item of plant and equipment, since this most closely reflects the expected pattern of consumption of the future economic benefits embodied in the asset.

The estimated useful lives for the current and comparative periods are as follows:

- Office equipment 3 -10 years
- Field equipment 5 years
- Computer equipment 3 years

Depreciation methods, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

e) Impairment of Non-Financial Assets

At each reporting date, the Group reviews the carrying amounts of its assets to determine whether there is any indication that those assets have suffered an impairment loss. An asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through profit or loss.

f) Trade and Other Payables

These amounts represent liabilities for goods and services provided to the entity prior to the end of the financial period and which are unpaid. Due to their short-term nature they are measured at amortised cost and are not discounted. The amounts are unsecured and are usually paid within 30 days of recognition.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

g) Leases

The Group as a lessee

For any new contracts entered into on or after 1 July 2022 the Group considers whether a contract is, or contains a lease. A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration'.

To apply this definition the Group assesses whether the contract meets three key evaluations which are whether:

- The contract contains an identified asset, which is either explicitly identified in the contract or implicitly specified by being identified at the time the asset is made available to the Group
- The Group has the right to obtain substantially all of the economic benefits from use of the identified asset throughout the period of use, considering its rights within the defined scope of the contract
- The Group has the right to direct the use of the identified asset throughout the period of use. The Group assess whether it has the right to direct 'how and for what purpose' the asset is used throughout the period of use.

Measurement and recognition of leases as a lessee

At lease commencement date, the Group recognises a right-of-use asset and a lease liability on the statement of financial position. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Group, an estimate of any costs to dismantle and remove the asset at the end of the lease, and any lease payments made in advance of the lease commencement date (net of any incentives received).

The Group depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Group also assesses the right-of-use asset for impairment when such indicators exist. At the commencement date, the Group measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Group's incremental borrowing rate.

Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed), variable payments based on an index or rate, amounts expected to be payable under a residual value guarantee and payments arising from options reasonably certain to be exercised.

Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Group has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these are recognised as an expense in profit or loss on a straight-line basis over the lease term. On the statement of financial position, right-of-use assets have been included in plant and equipment (except those meeting the definition of investment property) and lease liabilities have been included in trade and other payables.

h) Current and non-current classification

Assets and liabilities are presented in the statement of financial position based on current and non-current classification.

An asset is classified as current when: it is either expected to be realised or intended to be sold or consumed in the entity's normal operating cycle; it is held primarily for the purpose of trading; it is expected to be realised within 12 months after the reporting period; or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period. All other assets are classified as non-current.

A liability is classified as current when: it is either expected to be settled in the entity's normal operating cycle; it is held primarily for the purpose of trading; it is due to be settled within 12 months after the reporting period; or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.

i) Issued capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

j) Earnings Per Share

The Group presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss after income tax attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted earnings per share is calculated by dividing the profit or loss after income tax attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period, adjusted for the effects of all dilutive potential ordinary shares, which comprise share options granted to employees.

k) Revenue

Interest

Interest revenue is recognised as interest accrues using the effective interest method.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Other revenue

Other revenue is recognised when it is received or when the right to receive payment is established.

I) Employee Benefits

Wages and salaries

Liabilities for wages and salaries, including non-monetary benefits and annual leave expected to be settled wholly within 12 months of the reporting date are recognised in employee provisions in respect of employees' services up to the reporting date and are measured at the amounts expected to be paid when the liabilities are settled.

Superannuation

The amount charged to the profit and loss in respect of superannuation represents the contributions paid or payable by the Group to the employee's superannuation funds.

Employee Benefits on-costs

Employee benefit on-costs, including payroll tax, are recognised when paid or payable by the Group.

Share-based payments

Equity-settled and cash-settled share-based compensation benefits are provided to employees.

Equity-settled transactions are awards of shares, or options over shares, that are provided to employees in exchange for the rendering of services. Cash-settled transactions are awards of cash for the exchange of services, where the amount of cash is determined by reference to the share price.

The cost of equity-settled transactions are measured at fair value on grant date. Fair value is independently determined using either the Binomial or Black-Scholes option pricing model that takes into account the exercise price, the term of the option, the impact of dilution, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk free interest rate for the term of the option, together with non-vesting conditions that do not determine whether the Group receives the services that entitle the employees to receive payment. No account is taken of any other vesting conditions.

The cost of equity-settled transactions are recognised as an expense with a corresponding increase in equity over the vesting period. The cumulative charge to profit or loss is calculated based on the grant date fair value of the award, the best estimate of the number of awards that are likely to vest and the expired portion of the vesting period. The amount recognised in profit or loss for the period is the cumulative amount calculated at each reporting date less amounts already recognised in previous periods.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The cost of cash-settled transactions is initially, and at each reporting date until vested, determined by applying either the Binomial or Black-Scholes option pricing model, taking into consideration the terms and conditions on which the award was granted. The cumulative charge to profit or loss until settlement of the liability is calculated as follows:

- during the vesting period, the liability at each reporting date is the fair value of the award at that date multiplied by the expired portion of the vesting period.
- from the end of the vesting period until settlement of the award, the liability is the full fair value of the liability at the reporting date.

All changes in the liability are recognised in profit or loss. The ultimate cost of cash-settled transactions is the cash paid to settle the liability.

Market conditions are taken into consideration in determining fair value. Therefore, any awards subject to market conditions are considered to vest irrespective of whether or not that market condition has been met, provided all other conditions are satisfied.

If equity-settled awards are modified, as a minimum an expense is recognised as if the modification has not been made. An additional expense is recognised, over the remaining vesting period, for any modification that increases the total fair value of the share-based compensation benefit as at the date of modification.

If the non-vesting condition is within the control of the Group or employee, the failure to satisfy the condition is treated as a cancellation. If the condition is not within the control of the Group or employee and is not satisfied during the vesting period, any remaining expense for the award is recognised over the remaining vesting period, unless the award is forfeited.

If equity-settled awards are cancelled, it is treated as if it has vested on the date of cancellation, and any remaining expense is recognised immediately. If a new replacement award is substituted for the cancelled award, the cancelled and new award is treated as if they were a modification.

m) Income Taxes

Income tax expense or revenue comprises current and deferred tax. Current and deferred taxes are recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred tax assets and liabilities are recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for the following temporary differences, the initial recognition of assets and liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss, and differences relating to investments in subsidiaries and associates and jointly controlled entities to the extent that it is probable that they will not reverse in the foreseeable future. In addition, deferred tax is not recognised for taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax is measured at the tax rates expected to apply when the assets are recovered or liabilities are settled, based on those rates which are enacted or subsequently enacted for each jurisdiction. Deferred tax assets are recognised for unused tax losses, tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset when there is legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

n) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the taxation authority. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables in the statement of financial position are shown inclusive of GST. The net amount of GST recoverable from, or payable to, the taxation authority is included as a current asset or liability in the statement of financial position.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST component of investing and financing activities, which is disclosed as operating cash flows.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

o) Segment Reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that related to transactions with any of the Group's other components. A geographical segment is engaged in providing products or services within a particular economic environment and is subject to risks and returns that are different from those of segments operating in other economic environments. The Board (Chief Operating Decision Makers "CODM") is responsible for the allocation of resources to operating segments and assessing their performance.

p) Principles of Consolidation

Subsidiaries are all those entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date that control ceases.

Intercompany transactions, balances and unrealised gains on transactions between entities in the Group are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of the impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

The acquisition of subsidiaries is accounted for using the acquisition method of accounting. A change in ownership interest, without the loss of control, is accounted for as an equity transaction, where the difference between the consideration transferred and the book value of the share of the non-controlling interest acquired is recognised directly in equity attributable to the parent.

Non-controlling interest in the results and equity of subsidiaries are shown separately in the statement of profit or loss and other comprehensive income, statement of financial position and statement of changes in equity of the Group. Losses incurred by the Group are attributed to the non-controlling interest in full, even if that results in a deficit balance.

q) Fair value measurement

When an asset or liability, financial or non-financial, is measured at fair value for recognition or disclosure purposes, the fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and assumes that the transaction will take place either: in the principal market; or in the absence of a principal market, in the most advantageous market.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming they act in their economic best interests. For non-financial assets, the fair value measurement is based on its highest and best use. Valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, are used, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Assets and liabilities measured at fair value are classified into three levels, using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. Classifications are reviewed at each reporting date and transfers between levels are determined based on a reassessment of the lowest level of input that is significant to the fair value measurement.

For recurring and non-recurring fair value measurements, external valuers may be used when internal expertise is either not available or when the valuation is deemed to be significant. External valuers are selected based on market knowledge and reputation. Where there is a significant change in fair value of an asset or liability from one period to another, an analysis is undertaken, which includes a verification of the major inputs applied in the latest valuation and a comparison, where applicable, with external sources of data.

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

Share-based payment transactions

The Group measures the cost of equity-settled transactions with employees by reference to the fair value of the equity instruments at the date at which they are granted. The fair value is determined by using either the Binomial or Black-Scholes model taking into account the terms and conditions upon which the instruments were granted. The accounting estimates and assumptions relating to equity-settled share-based payments would have no impact on the carrying amounts of assets and liabilities within the next annual reporting period but may impact profit or loss and equity.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. CRITICAL ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

Exploration and evaluation costs

Exploration and evaluation costs have been capitalised and are only carried forward to the extent that they are expected to be recouped through the successful development of the area or where activities in the area have not yet reached a stage that permits reasonable assessment of the existence of economically recoverable reserves. Key judgements are applied in considering the costs to be capitalised which includes determining expenditures directly related to these activities and allocating overheads between those that are expensed and capitalised.

¹ On 25 August 2023, the Company issued 1,000,000 fully paid ordinary shares at an issue price of \$0.023 to a Consultant for public relations services. The value of these share has been recognised in share based payments.

² On 12 October 2023, the Company issued 85,400,439 fully paid ordinary shares at an issue price of \$0.02 as tranche one of a placement.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

10. ISSUED CAPITAL (CONTINUED)

³ On 1 November 2023, the Company issued 6,000,000 fully paid ordinary shares at an issue price of \$0.025 to Welcome Exploration Pty Ltd as part of the acquisition of 75% of the Roebourne South and Sholl East Projects.

⁴ On 4 December 2023, the Company issued 500,000 fully paid ordinary shares on the conversion of performance rights, on satisfaction of a performance condition.

⁵ On 4 December 2023, the Company issued 1,500,000 fully paid ordinary shares as a sign-on bonus to Mr Stephen Bodon for assuming the new role of Executive Director – Technical.

⁶ On 4 December 2023, the Company issued 95,099,561 fully paid ordinary shares at an issue price of \$0.02 as tranche two of a placement. The share issue received approval at the Annual General Meeting of shareholders on 28 November 2023.

⁷ On 12 December 2023, the Company issued 4,000,000 fully paid ordinary shares on the conversion of performance rights, on satisfaction of a performance condition.

⁸ On 22 January 2024, the Company issued 1,000,000 fully paid ordinary shares on the conversion of performance rights, on satisfaction of a performance condition.

⁹ On 8 February 2024, the Company issued a total of 35,869,565 shares, with 25,000,000 issued at an issue price of \$0.02, and 10,869,565 issued at an issue price of \$0.023 as part of the acquisition of 100% of the Mt Sholl Project. 16,847,824 of these shares are subject to ASX restrictions until 8 February 2025 and as such are separately disclosed as restricted/unquoted shares. The remaining 19,021,741 shares are ordinary fully-paid shares.

¹⁰ On 20 May 2024, the Company issued 50,217,391 fully paid ordinary shares on the conversion of Class A Performance Shares, due to performance conditions being met. 23,586,956 of these shares are subject to ASX restrictions until 8 February 2025

¹¹ On 29 May 2024, the Company issued 1,000,000 fully paid ordinary shares on the conversion of Performance Rights, on satisfaction of a performance condition.

Ordinary shares entitle the holder to participate in dividends and the proceeds on the winding up of the Group in proportion to the number of and amounts paid on the shares held. The fully paid ordinary shares have no par value and the Company does not have a limited amount of authorised capital. On a show of hands, every member present at a meeting in person or by proxy shall have one vote and upon a poll each share shall have one vote.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

10. ISSUED CAPITAL (CONTINUED)

Capital risk management

The Group's objectives when managing capital are to safeguard its ability to continue as a going concern, so that it may continue to provide returns for shareholders and benefits for other stakeholders. The Group's capital includes ordinary share capital and financial liabilities, supported by financial assets.

Due to the nature of the Group's activities, being mineral exploration, it does not have ready access to credit facilities, with the primary source of funding being equity raisings. Accordingly, the objective of the Group's capital risk management is to balance the current working capital position against the requirements of the Group to meet exploration programmes and corporate overheads. This is achieved by maintaining appropriate liquidity to meet anticipated operating requirements, with a view to initiating appropriate capital raisings as required. The Group is not subject to any externally imposed capital requirements.

¹ On 27 January 2023, the Company granted 1,000,000 performance rights expiring 1 December 2023 to a Consultant. The performance rights were valued at \$0.029 per right, being the share price on the grant date, which reflects fair value in line with AASB 2 Share-Based Payment.

² On 1 October 2023, 500,000 Performance Rights expired unexercised, as the conditions were unable to be satisfied.

³ On 4 December 2023, 500,000 Performance Rights were converted to ordinary shares on satisfaction of a performance condition.

⁴ On 4 December 2023, the Company issued 27,500,000 Incentive Performance Rights ("Rights"), 22,500,000 of which were issued to Directors. The performance rights were valued at \$0.0204, \$0.0255, \$0.03473, \$0.03539, \$0.04037, \$0.04558 and \$0.058 per right, being the share price on the grant date, which reflects fair value in line with AASB 2 Share-Based Payment.

⁵ On 12 December 2023, 4,000,000 Performance Rights converted to ordinary shares on satisfaction of a performance condition.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

11. RESERVES (CONTINUED)

⁶ On 27 December 2023, 6,000,000 Performance Rights were issued to an employee of the company. The performance rights were valued at \$0.0165, \$0.0204 and \$0.058 per right, being the share price on the grant date, which reflects fair value in line with AASB 2 Share-Based Payment.

⁷ On 24 January 2024, 500,000 Performance Rights expired unexercised.

⁸ On 24 January 2024, 1,000,000 Performance Rights converted to ordinary shares on satisfaction of a performance condition.

⁹ On 1 May 2024, 1,500,000 Performance Rights lapsed, as the conditions were unable to be satisfied.

¹⁰ On 29 May 2024, 1,000,000 Performance Rights converted to ordinary shares on satisfaction of a performance condition.

¹¹ On 8 February 2024, the Company issued 160,217,391 Performance Shares, 150,507,247 of which were issued to Directors. The performance shares were valued at \$0.027 per share, being the share price on the grant date, which reflects fair value in line with AASB 2 Share-Based Payment.

¹² On 20 May 2024, 50,217,391 Performance Shares converted to ordinary shares on satisfaction of a performance condition.

12. SHARE-BASED PAYMENTS

On 30 November 2023, the Company issued 6,500,000 unlisted options exercisable at \$0.05 each, expiring 30 November 2025 to Directors.

On 4 December 2023, the Company issued 5,000,000 unlisted options exercisable at \$0.04 each, expiring 4 December 2025 to the Placement Advisor.

On 2 May 2024, the Company issued 2,000,000 unlisted options exercisable at \$0.075 to Mr Mark Thompson, expiring 30 April 2027, for assuming the role of Non-Executive Director of the Company.

The Black-Scholes option pricing model was used to value the options and the following table lists the inputs to the model used for the valuation of the options:

Grant Date	Expiry Date	Exercise Price	Share Price at Grant Date	Expected Volatility	Risk-free Interest Rate	Fair Value per Option
30/11/2023	30/11/2025	\$0.05	\$0.031	85%	4.081%	\$0.0141
04/12/2023	04/12/2025	\$0.04	\$0.041	100%	4.112%	\$0.0224
02/05/2024	30/04/2027	\$0.075	\$0.048	85%	4.055%	\$0.0222

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

12. SHARE BASED PAYMENTS (CONTINUED)

On 4 December 2023, the Company granted 27,500,000 Incentive Performance Rights, expiring 29 November 2025, to key management personnel and employees of the Company. The performance rights were valued at \$0.0204, \$0.0255, \$0.03473, \$0.03539, \$0.04037, \$0.04558 and \$0.058 per right, being the share price on the grant date, which reflects fair value in line with AASB 2 Share-Based Payment. On 30 April 2024, 1,500,000 Performance Rights lapsed, as the conditions were unable to be satisfied.

On 27 December 2023, 6,000,000 Performance Rights were issued to an employee of the company. The performance rights were valued at \$0.0165, \$0.0204 and \$0.058 per right, being the share price on the grant date, which reflects fair value in line with AASB 2 Share-Based Payment.

On 8 February 2024 the Company issued 160,217,391 performance shares to vendors of the Karratha Lithium Project.

13. EARNINGS PER SHARE

	Consolidated 2024 \$	Consolidated 2023 \$
Loss after income tax (used in calculating both basic and diluted loss per share)	(2,628,430)	(1,489,738)
	Cents	Cents
Basic loss per share (cents)	(0.36)	(0.66)
Diluted loss per share (cents)	(0.36)	(0.66)
	Number	Number
Weighted average number of ordinary shares used in calculating basic and diluted EPS	728,069,061	224,488,940

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

14. INCOME TAX EXPENSE

A reconciliation between the income tax expense and the product of accounting profit before income tax multiplied by the Group's applicable income tax rate is as follows:

	Consolidated 2024 \$	Consolidated 2023 \$
Loss before income tax	(2,628,430)	(2,308,322)
Prima facie benefit on operation loss at 30% (2023: 25%)	(788,529)	(577,080)
Non-allowable expenditure	255,479	18,137
Non-assessable income	-	-
Temporary differences not brought to account as a deferred tax asset / (liability)	(768,179)	(329,065)
Tax losses not brought to account as a deferred tax asset	1,301,229	888,008
Income tax benefit	-	-
Unrecognised tax losses	14,873,597	11,960,939

A potential deferred tax asset, attributable to tax losses carried forward, amounts to approximately \$4,462,079 (2023: \$2,990,235) and has not been brought to account at reporting date because the directors do not believe it is appropriate to regard realisation of the deferred tax asset as probable at this point in time. This benefit will only be obtained if:

- the Group derives future assessable income of a nature and of an amount sufficient to enable the benefit from the deductions for the loss incurred;
- the Group continues to comply with the conditions for deductibility imposed by law; and
- no changes in tax legislation adversely affect the Group in realising the benefit from the deductions for the loss incurred.
- the Group continues to comply with the conditions for deductibility imposed by law; and
- no changes in tax legislation adversely affect the Group in realising the benefit from the deductions for the loss incurred.

	33,286	28,109

18. COMMITMENTS

Operating lease commitments consists of various mining tenement leases in Western Australia (Woodie Woodie North, Comet, Pilbara Lithium).

The Group has annual minimum expenditure commitments of \$450,460 (2023: \$473,000).

19. OPERATING SEGMENTS

The Group has identified its operating segments based on the internal reports that are used by the Board (the chief operating decision makers) in assessing performance and in determining the allocation of resources. The operating segments are identified by the Board based on the phase of operation within the mining industry.

For management purposes, the Group has organised its operations into one reportable segment on the basis of stage of development as follows:

- Exploration and evaluation assets, which includes assets that are associated with the determination and assessment of the existence of commercial economic reserves.

The Board as a whole will regularly review the identified segments in order to allocate resources to the segment and to assess its performance. During the years ended 30 June 2024 and 30 June 2023, the Group had no development assets. The Board considers that it has only operated in one segment, being mineral exploration. The Group is domiciled in Australia. Another income from external customers are only generated from Australia. No income was derived from a single external customer.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

20. CONTROLLED ENTITIES

The consolidated financial statements incorporate the assets, liabilities and results of the following wholly-owned subsidiaries in accordance with the accounting policy described in Note 1.

	Country of Incorporation	Principal Activities	Ownership 2024 (%)	Ownership 2023 (%)
Volcanic Resources Pty Ltd	Australia	Exploration	100 ¹	100 ¹
Attstar Pty Ltd	Australia	Exploration	100 ²	100 ²
Mt Sholl Holdings Pty Ltd	Australia	Exploration	100 ³	-

¹ Volcanic Resources Pty Ltd was acquired on 27 November 2020.

² Attstar Pty Ltd was acquired on 15 February 2022.

³ Mt Sholl Holdings Pty Ltd was acquired on 8 February 2024.

21. PARENT ENTITY DISCLOSURES

The following information has been extracted from the books and records of the legal parent, being Accelerate Resources Limited and has been prepared in accordance with Accounting Standards.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

21. PARENT ENTITY DISCLOSURES (CONTINUED)

The Parent Entity has no capital commitments and has not entered into a deed of cross guarantee nor are there any contingent liabilities, apart from that mentioned in Note 24, at the year end.

22. FINANCIAL RISK MANAGEMENT

The Group has exposure to the following risks from their use of financial instruments:

- credit risk;
- liquidity risk; and
- market risk.

This note presents information about the Group's exposure to each of the above risks, their objectives, policies and processes for measuring and managing risk, and the management of capital.

The Board of Directors has overall responsibility for the establishment and oversight of the risk management framework. Management monitors and manages the financial risks relating to the operations of the Group through regular reviews of the risks.

Credit risk

The maximum exposure to credit risk, excluding the value of any collateral or other security, at reporting date to recognised financial assets, is the carrying amount, net of any provisions for impairment of those assets, as disclosed in the statement of financial position and notes to the financial statements.

The Group has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral where appropriate, as a means of mitigating the risk of financial loss from defaults. The Group's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions is spread amongst approved counterparties.

Credit risk related to balances with banks and other financial institutions is managed by the board. The board's policy requires that surplus funds are only invested with counterparties with a Standard & Poor's rating of at least AA-. All of the Group's surplus funds are invested with AA- Rated financial institutions.

The Group does not have any material credit risk exposure to any single receivable or Group of receivables under financial instruments entered into by the Group.

The credit risk for counterparties included in cash and cash equivalents as at 30 June 2024 is detailed below:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

22. FINANCIAL RISK MANAGEMENT (CONTINUED)

	Consolidated 2024 \$	Consolidated 2023 \$
Financial assets:		
Cash and cash equivalents	1,952,261	2,037,164
	1,952,261	2,037,164

Liquidity risk

The responsibility with liquidity risk management rests with the Board of Directors. The Group manages liquidity risk by monitoring forecast cash flows and ensuring that adequate working capital is maintained. The Group's policy is to ensure that it has sufficient cash reserves to carry out its planned exploration activities over the next 12 months.

The Group's financial instrument liabilities of \$785,692 are expected to be paid within one year.

Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Group's income or the value of its holdings of financial instruments.

Interest rate risk

The Group does not have any exposure to interest rate risk as there were no external borrowings at 30 June 2024 (2023: nil). Interest bearing assets are all short-term liquid assets and the only interest rate risk is the effect on interest income by movements in the interest rate. There is no other material interest rate risk.

Fair values

The net fair values of financial assets and financial liabilities approximate their carrying value. The methods for estimating fair value are outlined in the relevant notes to the financial statements.

23. EVENTS SUBSEQUENT TO BALANCE DATE

On 1 July 2024, the Company issued 750,000 unlisted options exercisable at \$0.075 each, expiring on 30 June 2027 to an employee of the Company.

On 14 August 2024, the Company issued 1,000,000 ordinary shares on conversion of 1,000,000 performance rights.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

23. EVENTS SUBSEQUENT TO BALANCE DATE (CONTINUED)

On 23 August 2024, the Company advised that it had transferred its share registry responsibility from Automatic Pty Ltd to Xcend Pty Ltd.

There are no other matters or circumstances that have arisen since 30 June 2024 to the date of this report that have significantly affected, or may significantly affect the Group's operations, the results of those operations, or the Group's state of affairs in future financial years.

24. CONTINGENT LIABILITIES AND ASSETS

At 30 June 2024, there was contingent consideration payable of 8,000,000 ordinary shares relating to the acquisition of Halcyon Resources Pty Ltd on 18 November 2019. These contingent consideration shares are payable based on Accelerate Resources announcing on ASX platform upon shipment(s) of 50,000 tons of Kaolin Clay or derived product from the Project (E70/4969).

There were no other contingent liabilities or assets at 30 June 2024 (2023: nil).

DIRECTORS' DECLARATION

In the opinion of the Directors of the Group:

- a) The financial statements and notes set out on the preceding pages are in accordance with the *Corporations Act 2001* including:
 - i Giving a true and fair view of the financial position of the Group as at 30 June 2024 and of its performance for the financial year ended on that date; and
 - ii Complying with Australian Accounting Standards (including the Australian Accounting Interpretations), the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
- b) There are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable;
- c) The financial statements and notes are in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board.
- d) The information disclosed in the consolidated entity disclosure statement is true and correct.

The Directors have been given the declarations required by section 295A of the *Corporations Act 2001*.

Signed in accordance with a resolution of the Directors made pursuant to section 295(5)(a) of *Corporations Act 2001*.

Yaxi Zhan

Executive Director

Perth

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF ACCELERATE RESOURCES LIMITED

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Accelerate Resources Limited (“the Company”) and its subsidiaries (“the Consolidated Entity”), which comprises the consolidated statement of financial position as at 30 June 2024, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information, the consolidated entity disclosure statement and the director’s declaration.

In our opinion:

- a. the accompanying financial report of the Consolidated Entity is in accordance with the Corporations Act 2001, including:
 - (i) giving a true and fair view of the Consolidated Entity’s financial position as at 30 June 2024 and of its financial performance for the year then ended; and
 - (ii) complying with Australian Accounting Standards and the Corporations Regulations 2001.
- b. the financial report also complies with International Financial Reporting Standards as disclosed in Note 1.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Consolidated Entity in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board’s *APES 110 Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note 1 in the financial report which indicates that the Consolidated Entity incurred a net loss of \$2,628,430 during the year ended 30 June 2024. As stated in Note 1, these events or conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Consolidated Entity's ability to continue as a going concern. Our opinion is not modified in this respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter	How our audit addressed the Key Audit Matter
<p>Exploration and Evaluation Expenditure</p> <p>The carrying amount of exploration and evaluation expenditure as at 30 June 2024 was \$9,237,645.</p> <p>Exploration and evaluation expenditure is a key audit matter due to:</p> <ul style="list-style-type: none"> • The significance of the balance to the Company's financial position; • The level of judgement required in evaluating management's application of the requirements of AASB 6 Exploration for and Evaluation of Mineral Resources ("AASB 6"). AASB 6 is an industry specific accounting standard requiring the application of significant judgements, estimates and industry knowledge. This includes specific requirements for expenditure to be capitalised as an asset and subsequent requirements which must be complied with for capitalised expenditure to continue to be carried as an asset; and • The assessment of impairment of exploration and evaluation expenditure being inherently difficult. 	<p>Our procedures included, amongst others:</p> <ul style="list-style-type: none"> • Assessed management's determination of its areas of interest for consistency with the definition in AASB 6. This involved analysing the tenements in which the Company holds an interest and the exploration programmes planned for those tenements; • Agreed the terms of acquisition agreements and on a sample basis corroborated rights to tenure to government registries and relevant agreements as applicable; For each area of interest, we assessed the Company's rights to tenure by corroborating to government registries and evaluating agreements in place with other parties as applicable; • Considered the activities in each area of interest to date and assessed the planned future activities for each area of interest by evaluating budgets; • Substantiated a sample of expenditure by agreeing to supporting documentation; • We assessed each area of interest for one or more of the following circumstances that may indicate impairment of the capitalised

Key Audit Matter	How our audit addressed the Key Audit Matter
	<p>expenditure:</p> <ul style="list-style-type: none"> ○ the licenses for the right to explore expiring in the near future or are not expected to be renewed; ○ substantive expenditure for further exploration in the specific area is neither budgeted or planned; ○ decision or intent by the Company to discontinue activities in the specific area of interest due to lack of commercially viable quantities of resources; and ○ data indicating that, although a development in the specific area is likely to proceed, the carrying amount of the exploration asset is unlikely to be recovered in full from successful development or sale. <ul style="list-style-type: none"> ● Assessed the appropriateness of the disclosures included in the relevant notes to the financial statements.
<p>Accounting for share-based payments</p> <p>As disclosed in Notes 11 and 12 to the financial statements, during the year ended 30 June 2024 the Consolidated Entity incurred share-based payments expenses of \$851,596.</p> <p>Share based payments are considered to be a key audit matter due to:</p> <ul style="list-style-type: none"> ● the value of the transactions; ● the complexities involved in the recognition and measurement of these instruments; and ● the judgement involved in determining the inputs used in the valuations. 	<p>Our procedures amongst others included:</p> <ul style="list-style-type: none"> ● Analysing agreements to identify the key terms and conditions of share based payments issued and relevant vesting conditions in accordance with AASB 2 Share Based Payments; ● Evaluating valuation models and assessing the assumptions and inputs used; ● Assessing the amount recognised during the year in accordance with the vesting conditions of the agreements; ● Assessing the achievement of relevant milestones; and ● Assessing the adequacy of the disclosures included in notes 11 and 12 to the financial statements.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Consolidated Entity's annual report for the year ended 30 June 2024, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error, and the consolidated entity disclosure statement that is true and correct and is free of misstatement, whether due to fraud or error. In Note 1, the directors also state in accordance with Australian Accounting Standard *AASB 101 Presentation of Financial Statements*, that the financial report complies with International Financial Reporting Standards.

In preparing the financial report, the directors are responsible for assessing the Consolidated Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Consolidated Entity or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Consolidated Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Consolidated Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Consolidated Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Consolidated Entity to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Consolidated Entity audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Remuneration Report

We have audited the Remuneration Report included in the directors' report for the year ended 30 June 2024. The directors of the Company are responsible for the preparation and presentation of the remuneration report in accordance with s 300A of the Corporations Act 2001. Our responsibility is to express an opinion on the remuneration report, based on our audit conducted in accordance with Australian Auditing Standards.

Auditor's Opinion

In our opinion, the Remuneration Report of Accelerate Resources Limited, for the year ended 30 June 2024, complies with section 300A of the Corporations Act 2001.
